Bea Evenson Honored For Name Giving

Mrs. Beatrice Evenson of Point Loma was honored by the Point Loma Kiwanis Club Thursday for her "significant achievement" in getting the area bordering Harbor Drive named Spanish Landing.

The Point Loma woman, of 340 San Gorgonio St., was presented a Kiwanis Citizenship Award by Reynolds Winters, Kiwanis president, at a luncheon in the L'Escale Restaurant.

"Mrs. Evenson has given unselfishly of her time and efforts," the certificate reads, "in behalf of the citizens of San Diego and she has successfully rallied support of the community in having the area bordering Harbor Drive in the vicinity of Harbor Island designated as a park to be known as Spanish Landing."

"This park will permanently commemorate the Spanish heritage of San Diego and provide a pleasant introduction to San Diego for visitors coming to our city through the San Diego International Air Terminal."

Little Achievement

Mrs. Evenson, a woman in civic affairs and San Diego resident for more than 40 years, said "The city fathers intended that the area around our harbor be made as beautiful as possible through development of parks and esplanades. However, there has been little significant achievement in this respect."

During the time development plans were being discussed for Harbor Island and adjacent areas. Mrs. Evenson individually, and then with the help of a committee, petitioned the Port Commissioners of the Unified Port District.

She asked that the little remaining land between Harbor Drive and Harbor Island be developed into a park, and that it be protected from even partial commercialization.

Spanish Landing

The commission responded to her request and now the American Institute of Architects has provided for a park to be developed on the shore side of Harbor Island that will be called Spanish Landing.

Following the presentation, Dr. D. D. McElfresh, member of the port commission board, told Kiwanians of the plans for Harbor Island. The 2,400,000 square foot island will be developed for restaurants, medium rise apartment complexes, landscaping, and recreational areas, according to McElfresh.

KIWANIS ACHIEVEMENT AWARD — Mrs. Beatrice Evenson of Point Loma is presented a Point Loma Kiwanis Club Citizenship Award by president Reynolds Winter, center, and past Kiwanis president Roz Austin. The award was made Thursday at a luncheon in the L'Escale Restaurant. Mrs. Evenson was honored for her efforts in the naming of Spanish Landing, a parcel of land near Harbor Drive and Harbor Island.

All-Purpose Meeting Hits Drugs, Booze

By MANUEL CRUZ
Sentinel Staff Reporter

Many Ocean Beach residents are in an uproar over the Ocean Beach Business and Merchants Association this week following a heated public meeting Wednesday in which townspeople debated the narcotics problem and the proposed bar on Newport Avenue.

Mrs. Page Cummins, leader of a petition movement to halt the issuance of a liquor license to Charles Payne, said she has received about 30 calls from residents who are criticizing the association for its apparent refusal to take a stand against the license.

The citizens claim Clarence Dersch, association president, publicly apologized to Payne for the association's part in circulating petitions against his proposed bar.

Dersch said Friday that he was misunderstood by the townspeople and that the association is officially opposed to any more liquor licenses on the 5,000 block of Newport Avenue.

He said he told Payne the association would watch the bar "very closely" if a liquor permit was issued. Dersch said if the bar was not a "clean, legitimate operation," the merchants would have to take action against it. "But," he added, "the protest is in the hands of Ocean Beach residents and not the merchants association."

Payne Persists

At the public meeting Wednesday, Payne was present to defend his right to put an establishment in Ocean Beach. He said the bar, or "nightclub" would cater to those people between the ages of 21 and 35 and would feature live entertainment and dancing. He said the establishment would be open between the hours of 9 p.m. and 2 a.m.

Payne said he is being "wrongly associated" with those persons who operate "The Gag Shop" and "The Psychedelic Shop" which supposedly cater to teenagers. It was made known that the operator of "The Psychedelic Shop" has moved the shop out of Ocean Beach and that the other shop will close sometime this month. Joseph Leca, owner of the building, made the announcement but said the public protest had nothing to do with the shops' removal. "The operator of one of the shops told me last month that he was going to move," Leca said.

Claims No Go-Go

Payne said he has invested $114,000 in the proposed nightclub and is not about to endanger his investment by inviting trouble with the police. He said persons had started a rumor that the bar would feature go-go dancers "without even talking to me," and denied the dancers would be used.

Pat Piro, vice president of the merchants association, said he talked with one of the construction men at the location who said go-go girls would be featured.

Payne said his club would be similar to one at the Clairemont Quad and the Red Coat Inn on University Avenue near the college area. If the liquor license is denied, he said he would open the place with just a cabaret license.

Verification Forms

Verification forms opposing the license have been sent to the state Department of Alcohol Beverage Control in Sacramento. Mrs. Cummins said close to 1,000 people had signed a general petition and also a verification form that will be recorded at that office.

Public Nuisance

The petitioners are opposing the license on several grounds: that it would create a public nuisance; that the area already has an adequate number of liquor licenses; that the establishment would create a police and parking problem; that the establishment would demoralize youth of the community; and that other establishments on that block have already been closed by police as a public nuisance.

Payne said no parking problem would be created with the operation of his club because no other business would be open during his business hours. There would be adequate parking facilities on Newport Avenue for patrons of his club because of the late hours, he added.

"I intend to open a shop that I would like my own son or daughter to go to," he said, "it will cater to adults, not children, and the element I have in my place will not demoralize your children that go down to the beach."

Earlier that evening, Ross Beronda, a detective with the Police Department's Juvenile Division, spoke to citizens on the teenage narcotics problem. He told about 90 residents the scope of the problem, what is being done to prevent it, how parents can help, and then answered questions.

Anyone Can Fly

Beronda said narcotics and drugs are "readily available" to youths because of this city's proximity to the Mexican border and to Northern California areas. He named Santa Ana and San Francisco as the two major illegal sources of drugs and narcotics that are now being used by youths. They include marijuana, LSD, a variety of pills, glue, and a number of other substances containing hypnotic drugs.

"Why do youths use them?" he asked. "Nine out of 10 will say 'I don't know' or 'Joe Blow dared me.' There is no pattern, they come from all walks of life, from the well educated and the poorly educated, the good areas and the bad."

Left Up To Judge

Beronda said 27 persons were arrested in 1963 for using narcotics or drugs. The number escalated each year until 1962 when 62 arrests were made from January through April 1. During that time, 211 "contacts" were made with juveniles, 148 were boys and 63 were girls.

"What do we do with these people when they are caught?" the detective said, "if there is enough evidence they are taken into court—then it is left up to the judge."

"If we have reasonable cause to believe the person has been connected with narcotics, we contact them and their parents and hope the parents take heed."

Rehabilitation

Beronda said the main goal of his people is not to punish the offenders but to rehabilitate them and make them realize what they did wrong. He told the parents to be aware that the problem exists, and not to be complacent and think that it "can't happen to your child."

"Know where your child goes at night, know who his friends are, and know how much money they are carrying," he advised the group.

Drunker Than Booze

Marijuana is not habit-forming physically, but it is psychologically, he remarked, people who take it are in a drunk state "more severe" than the effect of alcohol. He said marijuana users soon develop an immunity to it and look for something stronger. "More than 60 per cent of heroin users first started with marijuana."

Beronda said heroin users committed $383 million in crimes in 1963 throughout the nation, and that is the reason the police say the use of marijuana should not be legalized. "By the way," he added, "the youngest person we ever picked up who was under the influence of drugs was 12 years old."

CHARGERS INVADE BEACH AREA

Invite Everyone To Clinic

Sometimes a "clinic" can be for the healthiest people in the world.

Just such a clinic will take place in the North Shores area tomorrow when the San Diego Chargers Quarterback Club meets at Bayview Terrace Elementary School, 7:30 p.m.

The school, not far from Mission Bay High School, off Grand Avenue, is located at 2445 Fogg St.

San Diego Charger assistant coach Harry Johnston, a La Jolla resident, and Jeff Staggs, rookie linebacker and former Point Loma High and San Diego State College star, have joined the lineup for the clinic tomorrow.

The entire affair is open to the public without charge, but interested persons are urged to be there at 7:30 p.m. sharp.

New Flickers

The evening will open with a showing of the new San Diego Charger highlight film. The brand new color movie features the big moments and the great plays from the 1966 season. It is 28 minutes long and was produced by the Tel-Ra Company with photography by Gene Leff and Harvey Webb and animation by Dick Thompson of the Photography House of San Diego. Narrator of the film is Lyle Bond. The movie contains shots of plays by Lance Alworth and Speedy Duncan.

Sponsoring

The clinic is sponsored by the Pacific Beach Town Council and the North Shores Sentinel. Sid Gillman, head coach of the Chargers, will conduct the clinic. Larry Littlefield, Sentinel sportswriter and photographer, will introduce Emil Karas, the club's promotion director, who will act as master of ceremonies.

The clinics are designed for those who need help in relating football terms to what they observe. Gillman points out that lack of understanding often makes it difficult for some players to carry out assignments, so it is only natural that spectators should be confused. Using a large illuminated screen, Gillman illustrates what he's talking about as he talks.

Player Takes It

From time to time the players take over. The conversations which result are often an interesting show for spectators.

Every person attending the clinic will receive a free packet of Charger autographed pictures.

Others who may appear at the clinic include Leslie (Speedy) Duncan, Walt Sweeney, Fred Moore, George Gross and Bob Petrich.

The clinics began in 1964.

Tech Papers

Pointers Cop NEL Awards

Two Point Loma High School students won special awards, and another received honorable mention in the Eighth Annual Technical Papers Competition sponsored by the Science Achievement Club of NEL.

Trevor R. Lewis was presented a Harwood Award for his paper on "Improving Computer Translation" in the slide rule division.

Charles E. Fisk was given a special award for his effort in the drafting set division. His paper was called "Optical Studies of a Soap Film."

Honorable

Douglas Palmer received honorable mention for his paper on "An Investigation Into Possible Physical Interpretations of Topological Properties."

The annual competition which attracted 51 contestants from area high schools is sponsored in cooperation with the San Diego chapter of Technical Writers and Publishers, the Institute of Electrical and Electronics Engineers, and the American Institute of Aeronautics and Astronautics.

Students Hold May Festival

Ocean Beach Elementary School children are inviting the public to witness their annual May Dance Festival Thursday at 10 a.m. in the school courtyard.

The program will be given by first, second, and third grade students. More information is available by calling Miss Teresa Sousa, third grade teacher, at the school.

Budget Days Scheduled For City Council

City councilmen will begin holding all day conferences May 17 and for the next two weeks to thoroughly review the proposed 1967-68 budget submitted earlier this week by City Manager Walter Hahn Jr.

The councilmen will meet with department heads to review their requests on the first two Wednesdays, then will meet with representatives of community organizations requesting funds for various projects. The $89.4 million budget is about $7.5 million over last year's $81.8 million. Hahn said that an improved General Fund picture due to higher non-property tax receipts, more sales taxes, increased interest earnings and estimated gains in assessed valuation could lower the tax rate about .006 cents.

Slo-Pitchers Get Together For Season

A managers' meeting for the 1967 Ocean Beach Slo-Pitch Softball League will be held Thursday at the Ocean Beach Recreation Center at 7:30 p.m.

All managers for the 1967 season should plan to attend or contact Mike Murphy at the center before Thursday.

Any individual player wishing to participate may register at the rec center. They must be over 25 years of age.

Warren-Walker Will Conduct Spring Festival

Warren-Walker Elementary School will hold its annual Spring Festival Wednesday which will feature athletic games, stunts, individual feats, and rhythmical activities starting at 10 a.m.

Parents, alumni and faculty members will be asked to participate in the one-day festival.

This year's celebration will emphasize the physical aspects of the pupil's education and will include such events as somersault, crab-walk, and shoe-box relays as well as a square dance, a kangaroo hop, goat-butting, and ball games.

The festival will close with the traditional and colorful winding of the May Pole and a special message for parents and friends.

Swindell Gets Tech Training

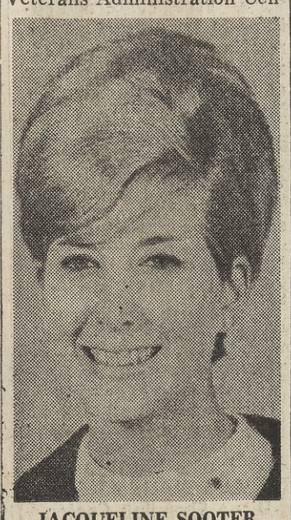
Airman William S. Swindell, son of Mr. and Mrs. Charles F. Swindell of 3468 Armstrong St., has been selected for technical training at Chanute AFB, Ill., as a US Air Force aircraft equipment repairman.

The airman recently completed basic training at Lackland AFB, Texas. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Food Fixing Career Awaits State Senior

Jacqueline Sooter, San Diego State College home economics senior, has been selected for internship under a program of the American Dietetic Association.

Miss Sooter will serve one year of internship at the US Veterans Administration Center in Los Angeles. She is the daughter of Mr. and Mrs. Ward G. Sooter, 3510 Alcott St.



JACQUELINE SOOTER

As a forthcoming graduate Miss Sooter will have met requirements for a major in home economics with the college and American Dietetic Association.

Council Meets

The Peninsula Recreation Council will conduct its monthly meeting tomorrow at 7:30 p.m. in the Ocean Beach Recreation Center. A financial report, approval of minutes, and discussion of upcoming activities is scheduled.

Renewal, Plan Brought Up This Tuesday

The proposed San Diego General Plan will be officially presented to the City Council Tuesday by the citizens' advisory committee that devised it.

The council is then expected to refer the plan to the city Planning Commission for study and a public hearing. The commission will then recommend adoption, rejection, or modification to the council. The commission is expected to hold hearings on the plan within a month.

With the referral of the plan, the council will also be considering adoption of a council policy on Federal grants for urban renewal projects. The policy was requested by the general plan group, but was not incorporated into this document. The policy sought will stipulate that the city will engage in renewal for public projects only.

If approved by the commission and council, the plan will become city policy in future development efforts within the city.

Cabrillo School To Preregister Five Year Olds

Cabrillo Elementary School will hold a pre-registration for parents of children who will be in kindergarten next year May 19 from 1-2 p.m. in the school auditorium.

Children may be enrolled in kindergarten if they will be five years of age on or before Dec. 2, 1967. Birth certificates or other acceptable verification of age, and verification of polio immunization are necessary to register. It will not be necessary for the child to attend the pre-registration.

City Adopts Riding Trails For Horse, Bike

A bicyle, hiking, and equestrian trails report outlining various routes proposed for the San Diego area was adopted by the City Council Thursday.

The council adopted the report by a 6-1 vote, with Deputy Mayor Jack Walsh dissenting. Walsh opposed the measure because the resolution adopted deleted several specific development requirements from the report.

The council action causes the report to be automatically referred back to the city Planning Commission because of the deletions. The commission may adopt the changes, or ask for different action. If the commission does not reply in 40 days the council action will become final.

The trails system proposes 19 bicycle routes and 14 equestrian trails. Some of the routes and portions of others are located outside the city limits.

Local Students Suspected Of Using 'Grass'

A suspected juvenile pot party in a camper truck was interrupted by police Friday evening and a dozen local teens were found inhaling "grass" within.

The truck, belonging to a father of one boy, was parked on La Jolla Blvd. near Nautilus Street. The carpeted floor of the camper was littered with marijuana seeds and scraps, according to police reports.

Male occupants of the camper ranged in age from 16 to 23 years. Among the girls were some 15 year olds and a 14 year old. Most are students at La Jolla High School and Muirlands Junior High School.

Runaway Car Knocks Girl Into Window

A 19-year-old Loma Portal girl who said she always loved her little car but didn't expect it to follow her around is recovering at home today from wounds she received Thursday when her runaway car knocked her through a glass window downtown.

Leslie Diane George, a secretary who lives at 3419 Wisteria Dr., was released from Mercy Hospital with more than 100 stitches as a result of the freak accident.

She said she parked her car near the El Cortez Hotel Thursday and cramped the wheels against the curb of the street. After locking the car she walked west across Seventh Avenue after waiting for a signal.

Leslie then walked south across Ash Street and was about to step on the curb when she was hit from behind. Her runaway car that she had parked about 100 feet away earlier knocked her through the air and into a glass window displaying air flights.

Waited a Minute

A traffic investigator who covered the accident said Leslie must have waited at least a minute or two for signals before the car hit her. He said the auto must have edged away from the curb and traveled the distance before hitting its owner who was a few feet away from a charm and modeling school where she was headed for class.

Leslie said she felt she performed gracefully as she flew through the air, but doesn't know whether she can trust the car again. Damage to the car was slight.

COUNTY GUIDE—Arnold J. Morss Jr., assistant manager of the Mission Bay Branch of Security First National Bank, shows pretty Janis Bishop a new 54-page booklet containing important facts about the cities and communities in San Diego County. The guide, prepared by the Research Division of Security Bank, is available to the public, free of charge.

Cyane Acres Zone Change Accomplished

Nine acres of former Cyane housing project land were rezoned Thursday by the City Council amid protests from Crown Point residents opposed to a proposed apartment complex.

The council acted unanimously after hearing protests that the downzoning would degrade property values and that sufficient provisions had not been made for increased traffic in the area. The major factor under protest, the closing of Roosevelt and Promontory Streets — both paper streets that have never been developed will still be heard at a later date.

Thursday's decision changes the present high density zoning to a medium density zone and changes the present commercial area to a more restrictive commercial zone. The new zones were approved unanimously by the city Planning Commission and by the city Planning Department.

Planning Director R. James Fairman told the council that the change in zone would allow for more open space, increased landscaping, and a more compatible development for Crown Point.

Ross Tharp, an attorney for R and B Development Co. of Los Angeles, developers of the project, said the zone change would eliminate the possibility of a "cracker-box type development." Tharp said the land, as now subdivided, could be developed with homes on each of the 151 25-foot lots in the nine acres. Tharp also said that underground utilities for the area will improve the appearance.

Project Endorsed

Tharp told the council that the project had been endorsed by both the Pacific Beach Town Council and the Mission Beach-Pacific Beach Planning Committee.

The company plans a 484-unit apartment development for single persons. The project will be similar to others now developed in the Los Angeles area.

City officials said Thursday that no date had been set for the hearing on the street closures. Officials estimated that it will be 1-2 months before that action comes before the City Council.

Council Warns Switcheroo

The Park and Recreation Board will hear a request Wednesday to change the existing 25 per cent limitation on leases in Mission Bay Park to allow a new golf course at the south end of the park.

The Clairemont Town Council, believing that the proposal is "an encroachment on the public interest and a potential danger to all parks which can be chiselled away by such devices," urges concerned citizens to be present at the meeting at 2:30 p.m. Wednesday on the 12th floor of the City Administration Building.

USS Little Rock

Trustee Thinks Gals Should Go Science

More women should undertake the study of science, according to Dr. Jacob Bronowski, resident fellow and trustee of the Salk Institute for Biological Studies.

"Women should consider science as an integral part of their studies of the humanities," he said this week. The renowned local scientist-humanist spoke at the dedication of a major new educational structure, the Clark Science Center at Smith College, Massachusetts.

"No educational experiment can now make sense which does not include science as a solid segment of the curriculum for women and men alike."

Should women be trained for careers in science? "Of course we want to train some women for careers in science just as we want to train some men for scientific careers. But," said Dr. Bronowski, "that is a small part of our purpose in teaching science, or any subject. The purpose in teaching any subject is not to train but to educate. Our large purpose in teaching history and Shakespeare too, is to make all three of them accessible and natural to those whom we teach. We want to make them second nature to our students, because they are a part of contemporary nature, of human nature as it is in the 20th century."

Dr. Bronowski said that certain facts and ideas will be fundamental to the last third of this century. A positive and rounded curriculum is a microcosim of the intellect which tries to forecast the totality of culture that lies a generation ahead, he said. "A university curriculum is therefore a commitment to the culture of the future."

Catch Up With

According to Dr. Bronowski, science is now one of the basic humanities whose ideas women must be willing to make their own also if arey are to claim intellectual equality with men.

"Being an intellectual is not a one-sided affair. It imposes on those who aspire to the title the duty to see and to sustain culture as an indivisible gift. And indeed culture in this sense is the human gift that has been so from the beginning of our evolution," said Dr. Bronowski.

Equal Pleasure

The doctor warned that nothing the mind does in art or science is worth doing if it does not give equal pleasure both in doing it and in appreciation. He said that women should "never be afraid of those pleasures; never deny them to yourself. I hope there will be young women who go on . . . to scientific careers and careers in technology, too, for they all contribute to human progress."

Dr. Bronowski is engaged in evaluating the human significance of science and in interpreting scientific inquory as it evolves. He is also a noted lecturer and the author of several books including "The Identity of Man" and "The Logic of the Mind."

Here's How To Join Stadium Charter Club

Inserted on the inside of today's Sentinel is an eight-page brochure which provides information on how to join the San Diego Stadium Charter Club.

The brochure is sponsored by the San Diego Chargers and lists two preseason games which have been changed since printing of the eight-page supplement.

Scheduled for Aug. 20 is a game with the Detroit Lions which will launch the gridiron sport in the new San Diego Stadium in Mission Valley. Previously it had been announced that the Los Angeles Rams would appear at that time. Instead the Rams will play in the stadium on Aug. 27, instead of the San Francisco 49ers, who are not playing here this season. Winding up action against teams from the National Football League will be a contest with the Pittsburgh Steelers on Sept. 2.

Tomorrow night the Chargers will hold a Football Clinic in Pacific Beach at the Bayview Terrace Elementary School located at 2445 Fogg St. The clinic will be co-hosted by The Sentinel and the Pacific Beach Town Council and will start at 7:30 p.m. Admission is free and a number of door prizes will be presented free.

Booklet Is Becoming A Bible For All Arthritic Disease People

A 20-page booklet is fast becoming the arthritic's bible. Over a million copies of "Today's Facts About Arthritis" have been requested by arthritis patients and their families since it was released less than a year ago.

The newly revised booklet may be obtained, free of charge, through local chapters of The Arthritis Foundation or by writing The Arthritis Foundation, 1212 Avenue of the Americas, New York, N.Y., 10036.

Written in simple language, directed toward the layman, the booklet covers all important basic information on familiar rheumatic disease as well as facts about lesser-known ones such as ankylosing spondylitis, Reiter's disease and systemic lupus erythematosus (SLE).

It answers specific questions on such subjects as: "What is arthritis? What are the symptoms of rheumatoid arthritis? Does surgery help? What about aspirin? What are other drugs used in treating rheumatoid artritis?"

William S. Clark, M.D., president of The Arthritis Foundation, said recently, "This booklet will help people recognize the symptoms of arthritis and, hopefully, will motivate them to that first step to recovery - a visit to a qualified doctor.

"No case is hopeless. Something can be done for arthritis now. Moreover, research for the cause and care of arthritis is moving forward rapidly. New therapies and many promising new drugs are emerging. Yesterday's discouragement can be replaced by today's optimism," Dr. Clark continued.

"Today's Facts About Arthritis" is one of several publications issued by The Arthritis Foundation, the sole voluntary health agency in the field of arthritis. All are available through the local chapter, 3537 Fourth Ave, San Diego 92103 or The Arthritis Foundation, 1212 Avenue of the Americas, New York, N.Y., 10036, as part of the Founndation's intensive educational campaign to bring the latest facts about arthritis to public attention and action.

"There are over 80,000 arthritis sufferers in the San Diego area", stated James B. Kuhn, president of the local chapter. "Over 20 million dollars is lost to our local economy because of this painful and crippling disease," he continued. "We must all join together to Win the victory over Arthritis. There are a number of favorable signs being reported from many parts of the world. Our responsibility as citizens is to financially support the dedicated physicians and researchers who are working so diligently to find the cause and eventual cures for arthritis. Nearly 9,000 marchers are marching for arthritis this week. When one of them comes to your door, give what you can afford to give with the knowledge that your gift will help to Win the Victory over this horrible crippler, arthritis."

GOAL IS $141,000

Volunteers Launch Drive For Arthritis

A neighbor - to - neighbor drive, manned by 9,000 volunteers, started May 1 for the San Diego area Chapter of the Arthritis Foundation. The goal for 1967 is $141,000, according to campaign chairman Athene Hensley, assistant vice president in charge of community, industrial and public relations for United States National Bank.

A growing population coupled with a longer life span have added to the ranks of arthritis sufferers another 250,000 victims this past year and a like number will be added the year ahead. Arthritis strikes young and old, rich and poor, showing little preference except in the case of women, who are afflicted three times as often as men, according to Mrs. Hensley.

Health officials said more funds are needed for both basic and clinical research, for increased patient services. for expanded education programs, both lay and professional.

Clinic Grant

A $20,000 grant has been given to the Mercy-Guadalupe Clinic. The grant was used to for the physical therapy department.

The arthritic clinic there is staffed by physician members of the chapter's medical and scientific committee. A $6,000 yearly grant-in-aid to the Visiting Nurses Association enables a registered physical therapist to give treatment and instruction to homebound arthritics and their families.

For the fourth consecutive year, a basic science research grant directed toward finding the cause of arthritis has been awarded to the Scripps Clinic and Research Foundation. A Dr. J. Richard Hill fund for self-help devices has been established. The Harriet B. Conrey Rheumatoid Arthritis Research Fund .has been established. The Psi Chapter Delta Chi Sigma Sorority, Patient Transportation Fund has been established.

"When your neighbor-volunteer calls, welcome him with the thought that your contribution may be precisely what is needed for the final push toward victory over this dreadful and painful disease. Be certain that it will alleviate the suffering of the 80,000 victims in the San Diego area," Mrs. Hensley said.

Substantial

Mrs. Hensley said the Arthritis Foundation, the sole voluntary health agency in the field of arthritis, is unusual in that money collected during the annual drive makes up a substantial portion of the total funds used to fight arthritis in the United States. In most voluntary organizations the amount collected is infinitesimal compared to government expenditures in the field concerned. About half of the funds collected by the Arthritis Foundation and its 79 local chapters goes for research and support of patient and community services. Much of the balance goes to improve and encourage better professional health education and training of young men who will enter the field of arthritis.

Housewives, business men, business women, club women, fraternity and sorority members, retired persons, students, teachers, teenagers, contractors, union members, professional men and women, boys and girls club members, service men and women and nurses are marching to win the victory over arthritis.

County Heart Association Elects Officers For Coming Fiscal Year

The 17th annual meeting of the San Diego County Heart Association held last week was highlighted by the election of officers, recognition of volunteers and entertainment poking friendly fun at the officials.

Dr. William J. Kuzman, of 312 San Colla, La Jolla, was elected president. Director of the Heart Center in Sharp Memorial Hospital, Kuzman succeeds Frank Alessio Sr.

Richard Woltman, of 5933 Sagebrush Rd., La Jolla, was elected vice president after serving four years as treasurer. Woltman is senior vice president of the U. S. National Bank.

Mrs. Robert Mason of 3368 Atlas, was named secretary; and Harlan R. Steiner Jr., of 6014 Erlanger St., treasurer.

Elected board members include S. A. Foushee, 1630 Linbrook; Dr. Albert B. Klug, 1634 Fenelon; Mrs. Elliott L. Cushman, 531 Silver Gate Ave.; County Supervisor Frank A. Gibson, 2606 Evergreen; Dr. Howard Kirtland, 3415 Elliott St.; Dr. Ernest Pund, 1790 La Jolla Ranch Rd.

The scope of community participation and variety of services given the Heart Association was pointed up when Allessio presented awards. Volunteer services range from year-round office assistance, financial aid and sponsoring fund-raising events, to Heart Sunday campaigning and distribution of Heart Coin Cakes.

Among the honorees were: Mrs. Elliott Cushman, who served two successful years as Heart Sunday chairman; her husband, who served three years as a director; and her son, Larry, Heart Sunday campaigner at California Western University;

John Athaide, 1229 Plum St., Foundations chairman; Lee Brendt, 3634 Oleander Dr., IOOF County Heart chairman; Harry Baugh, 3206 Oliphant St., three years' board service.

Jobs Daughters, Bethel No. 8, Lea Ristan, 4484 Del Mar Ave.; Jack Dyer, 4451 Mentone St.; and Don E. Patterson of 765 Cornis Drive, 1966 campaign chairman and three years on the board.

Pacific Beach Junior Womans Club; IOOF Memory Lodge 502; Pacific Shores Rebekah Lodge 330; Deltas-Mission Bay High School, Rhonda Rathbun, 854 Diamond St.; Sally Shops, 1770 Garnet Ave.; the Rev. Quentin Garman, 4751 Cass Pl., three year's director; and James Mulvaney, 5172 San Aquario, assistant campaign chairman and Business Heart chairman.

Ed Hill, the Gleen Webb Co., 3477 Hancock; Bill Robertson, DeFalco's Baker, 3171 Frontier; William Cowling Jr., Dixie Line Lumber Co., 4009 Rosecrans; Ray Vanderpool, 1536 Frankfort; Mrs. Kenneth McMaster, 1932 Goldboro; and Frontier Lanes, 2750 Midway.

Frank Alessio Sr., retiring president; and the Pepsi-Cola Bottling Co., 7995 Armour Dr.

Myrtle Assembly, Rainbow Girls, Marian Parker of 5050 Baxter St.; Epsilon Sigma Alpha, Theta Beta Chapter, Mrs. A. W. Butlin, 5011 Providence Rd; and Clairmont Bowl, 4975 Iroquois St.

San Diego Firefighters Auxiliary, Mrs. Nadine Burmeister 3201 Pasternack Pl.; and Mesa Vista Hospital, Miss Marge Tessman, 7850 Vista Hills Ave.

Cited for financial aid were the employee contribution clubs of San Diego Laundry and Dry Cleaners, First National and U. S. National banks, San Diego Gas and Electric Co., Solar, Rohr, Convair, San Diego Teachers, City and County of San Diego.

Individuals and lodges of the IOOF and Rebekahs, who have made Heart Sunday their special project for 11 years, were honored.

The Sentinel was cited for its year-round help in giving its readers accurate information about heart disease and the progress toward conquering it.

Country Pop Pros Stage City Hoedown

Two of America's top-rated country music stars headline a country music spectacular in San Diego Saturday, May 13, in Convention Hall.

Ray Price and his band, the Cherokee Cowboys, and Connie Smith and her band, the Sundowners, are slated for the show which includes funnyman Roy Clark, internationally famous Slim Whitman, and newcomer, "Country" Charley Pride.

Performances are set for 7 and 9:30 p.m.

Price, currently enjoying popularity on both country and pop music charts with his recording of "Danny Boy," has long been regarded as one of country music's most spectacular performers. Other hits by Price include "Crazy Arms," "City Lights" and "My Shoes Keep Walking Back to You."

Connie Smith, the Cinderella Girl of country music, zoomed from housewife to the nation's number one country female vocalist in just over two years. Her present hit, "I'll Come Runnin'," is the eighth consecutive hit for the pretty songstress. Some of her other hits are "Once a Day," "Then and Only Then" and "Ain't Had No Lovin'."

Roy Clark, who maintains he'll do anything within reason that's funny, is billed as the world's fastest guitar player. He recently appeared on the Jackie Gleason television show.

Slim Whitman has a string of hits that date back to 1952. Some of his biggest hits include "Love Song of the Waterfall," "Keep It a Secret," "China Roll," and two hits which won him gold records in both country and pop music fields, "Indian Love Call" and "Rosemarie."

"Country" Charley Pride is a newcomer, but has already chalked up his first hit entitled "I Know One."

Tickets are on sale at the Civic Theater Box Office, Thearles, downtown and Mission Valley, House of Music in National City and Chula Vista, Valley Music in El Cajon, at the KSON studios in College Grove Center and at all Navy Special Services.

For additional information call Chuck Owen in San Diego at 286-1240.

Rotarians Will Go On Train To Escondido

Members of the San Diego Rotary Club and family members will take to the rails May 14 for a day-long outing at Escondido.

Approximately 400 will go by 12-car Santa Fe Railway, departing San Diego at 9 a.m. and reaching Escondido via Del Mar and Encinitas at 11 a.m.

Highlight of the program will be a Family Day Picnic in Felicita Park, Escondido, with return to San Diego scheduled for 6 p.m.

Dr. J. C. Everham will be in charge of arrangements for the trip.

Teenagers Show Off Road Skills May 26

San Diego teenagers will have an opportunity to demonstrate their all-round driving knowledge and ability in an Auto Road-E-O to determine the city's safest and most skillful young drivers.

The contest will be conducted Sunday, May 26, by the San Diego Jaycees and co-sponsored by Dilday Lincoln-Mercury, Inc., providing four new Cougars for the driving tests. Entry forms and further information about the Road-E-O are available at the San Diego Jaycee Headquarters, 1257 Seventh Avenue or at Dilday Lincoln-Mercury showroom, 1276 University Avenue.

The high-scoring boy and girl drivers will win prizes and the right to compete against local contest winners at the state Road-E-O finals in Panorama City. Second and third place winners in the boys and girls divisions will also win prizes.

The boy and girl state champions will represent California at the National Auto Road-E-O at the University of Michigan in Ann Arbor July 30-Aug. 3. At stake will be $14,000 in college scholarships, the use of six 1968 Mercury Cougars for one year, and the opportunity to tour the United States as a Youth Safety spokesman for Lincoln-Mercury Division of Ford Motor Company. The national championship will bring together 102 teenage driving champions from every state and the District of Columbia.

Any boy or girl who has a driver's license and will not be 19 years old before Aug. 1 is eligible to participate. Contestants must not have committed a traffic violation during the preceding six months or have an offense pending.

Auto Road-E-O competition was doubled in size this year to include separate contests for boys and girls. All contests consist of comprehenive written examinations on rules of the road and a series of behind-the-wheel tests over a difficult obstacle course.

Last year's National Auto Road-E-O, which attracted some 350,000 contestants from 2,300 communities, was won by Terry Hall, an 18-year-old honor student from Leland, Fla. More than 3.5 million teenagers have competed in the Auto Road-E-O since it was begun in 1952 by the Jaycees.

The Auto Road-E-O is sponsored by Lincoln-Mercury Division and its dealers who provide contest cars, donate prizes, and underwrite costs of the national championship.

Summer Fun Is Really Great, So Don't Drown

Summer fun begins at the water's edge and with that in mind the Downtown YMCA announced this week plans for a new SCUBA and Skin Diving series beginning May 9 from 7 to 10 p.m.

The class which consists of 14 lessons meets twice weekly. Thirteen pool sessions and two ocean checkouts covers basic diving techniques, diving physiology, marine hazards, safety procedures and common sense rules.

Those graduating from the course will receive the National YMCA SCUBA card which is recognized around the world. Registration, limited to 18 students, may be made at the Downtown YMCA, 1115 Eight Avenue. For more information or the SCUBA brochure call 232-7451.

According to Roger Martin, SCUBA Commissioner for the Pacific Southwest Area YMCA, "Sport diving can be a very exciting adventurous and exhilirating experience for those who take the time to learn the principle of safe diving. It can also be a hazardous and treacherous ordeal if these principles are not observed."

Reader's Views

Dear Sir:

I am distured to learn that there is misunderstanding as to the reasons for my resignation from the Mayor's Committee on Highway 395. My action was not based on recent developments. I resigned because of my conviction that the Committee has failed, almost from the beginning, to carry out, in good faith, the intent of the City Council.

We were directed to seek and evaluate all possible alternatives to widening the freeway through Balboa Park and to employ the services of an independent consultant if necessary to accomplish this end. These directives were not followed. Due to arbitrary leadership and errors in procedures which violated the Committee's own guidelines, there has been no impartial research, no consultation with independent experts, and no opportunity for citizens to present their suggestions. Consequently it has been impossible for the Committee to seek seriously any alternatives to widening.

This is the reason for my resignation. I shall appreciate your help in making the facts clear.

"I READ THIS BOOK IN ONLY 2½ HOURS"

says Alan Douglas, host of the Alan Douglas Show heard nightly, Monday through Friday, 11:05 p.m. to 1.00 a.m. over WKYC-Radio. "I started the Evelyn Wood Reading Dynamics course just five weeks ago," he continued.

"In that short time I was able to increase my reading efficiency from less than 250 wpm to over 2,000 wpm with increased comprehension. Now I spend no more time reading books, magazines, periodicals than I did before I started the course, but I find myself reading over eight times as much material."

Douglas will soon be among the more than 300,000 Evelyn Wood Reading Dynamics Institute graduates who have increased their reading efficiency an average of 470%.

Other graduates include members of the White House Staff under the late President Kennedy, members of Congress, business executives, educators, high school and college students and housewives.

Many San Diegans and La Jollans were disappointed because the March classes were completely filled. Reservations are now being accepted for a new series of May classes in San Diego and La Jolla.

"IT'S JUST MY NERVES"

By JOHN J. FLYNN

Quite often patients come to our busy office saying, "There's nothing wrong with me, it's 'just' my nerves."

Why is it so difficult for us to realize that nerves are as real as muscle or bones?

Dr. Flynn

Nerves give us no concern unless they are irritated.

Nerves become sick when they are compressed, pinched or otherwise unnaturally paralyzed or stimulated.

Gray's Anatomy, a standard textbook of the healing arts, boldly states that the first step in an inflammatory process is heat from hot nerves end-plates caused by irritation.

Four hundred and fifty trillion nerve wires composing the spinal column carry a constant stream of messsages between the brain and all parts of the body. They are our transmission lines and our communication lines. All functions in the body are coordinated and controlled by these messages sent from the brain. Nerve lines can become scrambled, highly irritated and hot when mis-aligned vertebrae interfere with their function. Nerve interference will affect any or all of our vital organs, muscles or glands causing a multitude of pain and suffering.

In war the first aim toward victory is to disrupt the communication systems, throwing the enemy into a state of turmoil and lowering their resistance. Injury to the spine upsets the delicate communication system disrupting functions of the body.

We specialize in clearing communication lines by freeing "sick" (pinched) nerves. Health naturally results such this folowing case will illustrate.

This middle aged stenographer, from La Jolla, fearful of a nervous breakdown, came to the Flynn Chiropractic Office when all other efforts failed. "I'm just a bundle of nerves. My heart races like mad and at times just pounds out of my chest," she said. She had no energy, spells of complete exhaustion, hot flashes, night sweats, dizzy spells and chronic constipation. Constant tension pains in her neck, left shoulder and arm kept her awake nights.

Our nerve instruments located severe nerve pressure in her spine and X-rays enabled us to realign the offending vertebrae causing all the disturbance with her nervous system. Her pain and other symptoms vanished as normal functions returned. No. 1,861.

Telling you of our amazing results does not guarantee a cure for you. To guarantee a cure is quackery! We can tell you that while we do not accept all cases, we do get results in most all cases we accept. You, too, may be suffering needlessly. Why not investigate? What do you have to lose except your ill health. Call for an appointment today, because time is on the side of disease. Adv.

Naked Emperor Play Casting Completed

Casting has been completed for "The Emperor's New Clothes" which is the next production at Actors Quarter Children's Theater. It will play each Saturday at 2 p.m. through June 3.

Taking the title role of Emperor is Dick Schattentein of Imperial Beach. He has worked in Coronado Playhouse productions, with the Imperial Players and most recently was seen in the Old Globe production of "Romanoff and Juliet."

The part of the Queen Mother will be played by Mary Margaret Williams. The Lord High Potentate and his assistant will be acted by John Chamber and Nigel Barber. Michael Weston, Charlie Good and Rick Trenholme will be the three villains, the weavers who swindle the vain Emperor.

The mother and child who let the secret out will be acted by Kerry Huennekens and John Marriott. Pages in attendance to the Emperor will be: Bobby Ott, Leighton Eaton, Guy Duval, John-Eric Johnson, Andrew McGlohn and Brian Crawford.

Adapted from a story by Hans Christian Anderson, the comedy will have costumes designed by Ed Daniels and sets by Margaret Franklin. Assistant directors are Sylvia Petrin and Laurie Burgess, with lights and music by Charlie Ross.

Do you need to brush up on your shorthand? The San Diego Public Library has shorthand manuals, also typing and bookkeeping manuals.

HOWDY PARDNER — Gene DeFalco Jr., promotions director of DeFalco Food Giant, is shown in the Cudahy Deluxe "Cattle Car" in front of Pacific Plaza super market. DeFalco's 57th anniversary celebration is in its second week and is being celebrated throughout the 10 market locations. The duded up car was used to transport the judges of the store decorations as well as employee costumes worn to depict the anniversary event.

Young Sinatra Appears At Local Bay Hotel

Frank Sinatra Jr.

Young Frank Sinatra, currently appearing at the Catamaran Motor Hotel, is a crowd pleaser for sure.

Sinatra is developing into a top-flight singer and showman on his own and doesn't rely on his dad's reputation to put over his act. He does sing a few of his father's standards to please the customers who want to compare the two though.

The 22-year old has worked hard learning his trade, having flitted from night club date here to one-night stand there.

Frank Junior has two new tunes he renders that he has just cut for RCA label entitled, "Shadows On A Foggy Day," and "Why Don't You Fall In Love With Me?"

Sinatra will appear in a three-week limited engagement at the Catamaran appearing nightly except Mondays, at 8:45, 10:45 and 12 p.m. This young fellow sings to please all age groups.

New Service Offers Help

A new service called HOMEMAKERS, INC., is an organization that offers an unlimited variety of temporary domestic services.

The firm is located in the Lafayette Office Building, 2223 El Cajon, and is operated by Mr. and Mrs. Loran R. Wilson, long time residents of the San Diego area.

The nationwide franchised service offers nursing, comprehensive care, visiting housemothers, sitter service, housekeeping, maids, cooks, and home maintenance.

Services may be had as need arises or certain services performed regularly; charges are made on the number of hours worked.

HOMEMAKERS unconditionally guarantee satisfactory performance and all employees are checked for skill, screened, insured, bonded and subject to an operating code of ethics.

NEW START

Make this the goal of everyday living: Today's going to be the best day of the year.

Everybody Will Get Out In One Lump

San Diego Mesa College will hold a joint commencement with San Diego City and Evening Colleges on June 15 at the Community Concourse.

Arnold O. Steele, president of the Board of Education, will confer the degrees and certificates.

The class will be presented by Robert F. Heilbron, president of Mesa College; Dr. Rex Gorton, president of City College, and Dr. Robert S. Hamilton, director of Evening College.

Dr. Ralph Dailard, superintendent of public schools, will accept the class.

Dr. Lawrence Vredevoe, professor of education at the University of California at Los Angeles will speak to the class.

The Mesa band will provide music.

Recruit Gets First Stripes

Seaman Recruit John F. McConahey, USN, son of Mr. and Mrs. Wallace V. McConahey of 5551 Taft Ave., has graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

You'll Soon Find Out Love Can't Buy Money

When you buy a home—often the biggest investment of your life—you may "fall in love with the house" forget your business judgement, and lose your time and money. Even if you can later correct legal mistakes in such a deal, it is better to prevent the worry and expense they can cause.

The Harry Holmes found a nice new home near town. The salesman told the couple that the house was in the city limits, and had all "city utilities."

The Holmes bought the house only to find to their dismay that it did not connect with the city sewer. Instead, they had a septic tank with whimsical drainage. They had to put in a new line at considerable expense.

The Holmes sued the salesman and the builder. The court awarded them $1,500 for the line and for the difference between what the home would have been worth if it had connected to a sewer, instead of what it was worth connected to a septic tank.

A seller need not tell the home buyer everything, but if he claims to do so, the law expects him to tell the truth. Otherwise, he commits a fraud and is liable for the resulting damages.

Had the salesman just given his opinion, that he thought the sewer was tied in, but was not sure, it would not be fraud. Then it would be up to the buyers to check for themselves. Or, the seller might have just said that the house has all the city comforts, which is a kind of "puffing" that ought to put buyers on guard. At most, all the builder would then have to do was to connect the sewer.

Under the law no seller can hide flaws basic to the home itself. Defects that may endanger the owner cannot be lawfully hidden. The seller has a legal duty to disclose them. With this exception, the buyer has to check for defects himself. The seller owes no duty to disclose everything.

When buying a home, have important promises and conditions put into writing. Before you complete the purchase, check thoroughly or pay some expert to do it for you. Then if the seller nas broken his promises, you can claim a "breach of warranty," or "fraud." If the conditions cannot be satisfied, then the buyer does not have to go thru with the deal.

Keep copies of your papers. Before you sign an important agreement think it over. Check it with your lawyer.

Baseball Playoff Key: Pitchers; There's Davis, Luxenburg, Myron

By LARRY LITTLEFIELD

Three of the Western League's top pitchers, two of them with no-hitters to their credit, await duty in the San Diego CIF baseball playoffs where pitching is of prime importance.

Steve Davis and Larry Luxenburg of the Champion Point Loma Pointers and Gary Myron of second place Mission Bay have the arms to produce wins, as long as their teammates have bats that can manufacture runs.

Mission Bay will play in the opening round Tuesday at Southwestern College at 3 p.m. against either Sweetwater or Hilltop. Point Loma takes on the winner of another first round game on Friday at Mesa College, 3 p.m.

Kearny's Komets, who finished in a tie for third place with Madison, was awaiting word yesterday as to a possible playoff berth as an "at large" team. If the Komets get the nod over Hilltop, it will send another fine hurler, Brad Cutler, to the mound in a 3 p.m. Tuesday game against Hoover at Mesa College.

Pitching hit a high point in Western League finales Friday with Myron tossing a no-hitter for seven innings in a scoreless duel with Luxenburg.

The Buccaneer ace left after seven because he's booked to throw in the playoff opener Tuesday. Three errors were committed behind him, but he walked none and set a new Mission Bay strike out record before retiring.

Myron whiffed nine Pointer batsmen to run his season total to 105, bettering the 1957 record set by Bobby La Soya of 100.

Luxenburg, who allowed but three hits, also retired after seven frames with the score 0-0. The Pointers tallied twice in the top of the ninth, only to have the Bucs battle back for three in the bottom of the inning to win it. Dan Blatchley finished up for the Bay, allowing three hits, and getting the win.

Cutler, meanwhile, pitched a one-hitter as Kearny blanked Clairemont, 4-0. Madison, 5-2 victor over La Jolla, and Kearny both finished with 8-7 records.

Fred Sanders' bases loaded single produced Point Loma's two runs in the ninth inning, but Mission Bay rebounded on hits by Doug Fisher and Bob Owens to put runners on first and third with two out in the bottom of the ninth.

Rick Philips then singled on a hit-and-run play for the first run, Mike Fox walked to fill the bases and Rocky McKenna's clutch single tied it at 2-2.

Dan Robello replaced Scott Jones on the mound for the Pointers and Chris Weston worked Robello for a walk, forcing over the winning run.

Davis and Luxenburg will both be ready for Friday's playoff clash with the Western League track finals at Madison.

PROUD POINTERS—These two Point Loma Pointer pitchers will have much to do with the Western League's chances in the upcoming San Diego CIF playoffs and Coach Punky Fristrom, right, has equal confidence in both. Larry Luxenburg, left, is a hard throwing junior righthander and Steve Davis is a senior southpaw with excellent control. Champion Pointers drew a bye in Tuesday's opening round and play at Mesa College Friday.

Former State Ball Grabber Joins Chargers

Craig Scoggins, San Diego State's sensational pass receiver, has signed to play with the San Diego Chargers, the club announced yesterday.

Scoggins caught 81 passes for 1,212 yards and scored 73 points to spark the Aztecs to an 11-0 record and No. 1 college division ranking in the nation in 1966.

Small by pro standards at 5-10½, 175 pounds, and drafted No. 15 by the Chargers, Scoggins has a legion of San Diego fans who feel he can't miss as a pro. Mast notable among them are Aztec coach Don Coryell and Charger coach Sid Gillman.

Said Coryell: "Craig is a winner. He's got the best balance and body control of any player I've been around. He's intelligent and a great competitor. He'll always come up with the big play."

Said Gillman: "All I've seen Scoggins do is catch the ball, run with it and kill everyone. He could be another Tommy McDonald."

A little All-Coast and All-CCAA selections, Scoggins realizes that he has plenty of competition on the Chargers with such established pass-receiving stars as Lance Alworth, Don Norton and his former Aztec teammate Gary Garrison.

"Alworth and Gary are the two best receivers in football and I hope to learn a lot from them," said Scoggins.

The 22-year-old native of Los Angeles and resident of La Mirada is the fourth member of the 1966 San Diego State champions to sign with the Chargers. He joins Jeff Staggs, Bob Howard and Nate Johns.

The Craig Scoggins fan club is certain he will be the best No. 15 draft choice in Charger history.

Charger Clinic Set Tomorrow

Free autographed pictures of all the Chargers will be given away tomorrow at the Charger Clinic at Bayview Terrace Elementary School, 2445 Fogg St., at 7:30 p.m.

Several players, including Point Loma's Jeff Staggs and assistant coach Harry Johnston will join head coach-general manager Sid Gillman for the presentation of the Charger Hi-Lites film and an interesting question and answer period.

The clinic is the second of a series throughout San Diego and is co-sponsored by The Sentinel and Pacific Beach Town Council. Admission is free.

IN WL TRACK PRELIMS

Komets Qualify 17

Western League Champion Kearny High, as expected set the pace in the league prelims Friday, qualifying 17 for next Friday's finals at Madison.

Only a few surprises took place in the prelims and the day's best individual effort was logged by Clairemont's Thorn Bigley who snapped the meet record in the mile, running a 4:24.4.

Some interesting duels should take place in the finals and the top athletes in each event, based on prelim efforts, should be the following:

100—A three-way battle is expected between La Jolla's Mike Dore, Kearny's Gary Ollison and Point Loma's Taylor Copping, the latter having the top prelim time of 10.2.

220—Strictly a two-horse race between Kearny's Dennis Williams and Point Loma's John Kennaly. Williams won his prelim heat in 23.1, Kennaly his in 23.2.

440—Clark Diamond of Madison should be tops after a 50.4 prelim run, but Kearny's Seneca Godwin and Madison's Ed Zajonic could make things interesting.

880—This is Point Loma's race with Pete Naumann and Bob Kaye up front. Kaye's surprising 2:01.8 was best in the prelims.

Mile—Not much of a contest here. Bigley's 4:24.4 bettered the mark of 4:26.3 by Kearny's Richardson last year and no one was very close to him.

120 High Hurdles — Mark Hendrix posted a mild upset with a 15.1 prelim best, but teammate Dennis Downs and possibly Madison's Steve Spahrr could give him trouble.

180 Low Hurdles—Point Loma's Steve Noall with a 20.5 was the top qualifier and Downs won the second heat in 20.8. Hendrix was second to Noall.

No trials were held in the two-mile or 880-yard relay.

Field event qualifying was paced by Clairemont's Teri Keenan in the pole vault (12-0); La Jolla's Steve Lombard in the long jump (21-2¾) and Point Loma's Rick Lebherz in the shot put (51-7) High jump trials were not held.

Chargers Open AFL

The San Diego Chargers will launch their 1967 American Football League season against the rugged Boston Patriots at San Diego Stadium, Saturday night, Sept. 9.

The Chargers' 14-game, 16-week league schedule, released today by the AFL, includes several other major attractions to be presented at America's new $28 million football palace:

Collision with AFL champion Kansas City Chiefs on Oct. 15.

—Thanksgiving Day clash with Denver Broncos on Nov. 24.

—Showdown with arch-rival Oakland Raiders on Dec. 3.

—Season's finale against Joe Namath and the New York Jets on Dec. 23 or 24.

The Denver and New York games will be nationally televised by NBC with San Diego and Los Angeles blacked out. It will be the first year that Los Angeles is included in television blackouts of San Diego games.

The Chargers play the Jets and Buffalo Bills only one time with the game against the Bills scheduled for Buffalo, Oct. 1.

San Diego coach Sid Gillman said he was satisfied with the schedule. "We should have good weather for our eastern games early in the season, and for the first time, we won't be on the road for more than two weeks at a time. What concerns me is opening against Boston. They give us fits."

The Boston game will follow three pre-season games against National Football League teams at San Diego Stadium, and figure to climax the most exciting month in Charger history.

The schedule:

PRE-SEASON GAMES
Aug. 5 at Oakland, 8 p.m.
Aug. 12 at Miami, 8 p.m.
Aug. 20 Detroit, 1:30 p.m.
Aug. 27 Los Angeles, 1:30 p.m.

Junior Olympics Slated Saturday

Climatic track meet of the boys season, the Pacific Southwest Amateur Athletic Union's Junior Olympics will be held on Saturday, May 13 in Balboa Stadium at 7:30 p.m., the City Recreation Department has announced.

The six-division meet, offering national Junior Olympics medals for the first three places in each event, is sponsored by Pepsi Cola and conducted by the San Diego Recreation Department. All those who qualified in preliminaries held a week earlier received emblematic T-shirts.

Laver Heads List For Tennis Tourney

Rod Laver, to nobody's surprise, heads seedings for the International Tennis Association Tennis Tournament Wednesday through Sunday at the Diego International Sports Arena.

The Australian world champion and winner of six recent tournaments is seeded above Dennis Ralston, US, second-leading money winner on the tour; Earl (Butch) Buchholz of the US and Fred Stolle of Australia, the 1966 world amateur champion.

Luck in the draw, held at the Sports Arena, put Laver and Buchholz in the top half and Stolle in the lower half with Ralston.

In doubles, Laver and Stolle were top-seeded followed by Buchholz and Mike Davies of England.

Seedings were announced from San Rafael by Wally Dill, tour director for the IPTA.

The draw was held according to a strict IPTA format with San Diego amateur tournament directors Ralph Trembley and Molly Danielson presiding. Witnessing proceedings were Sports Arena manager Les Land, Kona Kai Club professional Ben Press, Arena promotion director Don Scott, and sports writer Reed Nessel.

Complete schedule for the four-day tournament:

Wednesday: Luis Ayala, Chile, vs. Pancho Segura, Ecuador; (first round), Mike Davies, England, vs. Barry MacKay, US (first round); Rod Laver, Australia, vs. Pierre Barthes, France (quarter-finals), MacKay-Ayala vs. Segura-Alex Olmedo (quarter-finals).

Thursday: Butch Buchholz, US vs. winner Ayala-Segura; (quarter-finals); Dennis Ralton, US, vs. Alex Almedo, Peru (quarter final); Fred Stolle, Australia, vs. winner Davis-MacKay (quarter-final); Laver-Stolle vs. Ralston-Barthes (semifinal).

Friday: Singles semi-finals; Buchholz-Davies vs. winner MacKay-Ayala vs. Segura-Olmedo.

Saturday: Third place singles playoff; singles finals; doubles finals.

On The Field Predicts Finals

Use it as a handy guide for betting or just for laughs, but predictions of the Western League track finals will appear in Thursday's On The Field With Littlefield sports column.

Sentinel Sports Editor Larry Littlefield will gaze into his crystal ball, a sphere some feel is made of cracked glass, to forecast first through fifth place and "also ran" finishes.

Sometimes he's right!

Chiefs Crowned WL Golf Champs

Western League golf, heretofore dominated by La Jolla and Point Loma High Schools, has a new champion today.

Although only six boys come out for the team, coach Ken Mack of Clairemont molded them into winners and the Chieftain squad toppled Point Loma Thursday to wine the first golf championship in the school's history. Clairemont posted a 9-1 record in league play, losing only to La Jolla by one stroke.

Members of the champion Chieftains were John Felchi, Tom Windle, Bob Rahn, Dave Dunke, Jay Hodges and Martin Oyer.

Your children, in their formative years, need to:
. . . . LEARN RESPONSIBILITY
. . . . LEARN TO USE INITIATIVE. IN THIS WORLD OF COMPETITION.
. . . . LEARN TO MEET PEOPLE
. . . . LEARN THE VALUE OF A DOLLAR

The Sentinel needs young businessmen from 10 to 12½ years of age, to bring this community paper to you and your neighbors.

From this first business experience these youngsters learn invaluable lessons that help them in the future.

We of the Sentinel, work closely with these youngsters and you, their parents. We too are parents, therefore we make sure that the problems faced by these youngsters are not beyond their abilities, particularly with our help and your help.

If you have a youngster in this age bracket, call the circulation department of this paper, BR 4-3212, and let us discuss our carrier program with you and your youngster.

Youngster Ranks High As Bulldog

Thomas Getzen, a former Mission Bay High School student, has been placed on the Dean's List at Yale University. This means that he stands academically in the top 25 per cent of his class.

Getzen, a sophomore, entered Yale following his junior year in high school. He is majoring in philosophy and civics.

At Mission Bay he was a first place winner in Greater San Diego Science Fair and a two-year letterman in cross country and track.

Getzen is the son of Mr. and Mrs. Robert M. Getzen, 1705 Malden, Pacific Beach.

HARNESSED
The trend of today is to translate new ideas from theories to practical purposes.

FUNDAMENTALS
Higher education may help a student cover lots of ground, but it never cultivates it.

New Beauty College Accepts Applications

North Clairemont Beauty College is fast becoming a reality with enrollment applications now being taken for classes opening in mid-May, according to Robert Jennings, owner.

The college is now receiving all necessary equipment in the second-floor location above the main building in the Diane Shopping Center located at Diane Avenue and Clairemont Mesa Boulevard.

Prospective students may submit their applications at the temporary registration office at 3045 Clairemont Dr., across the street from the Clairemont Quad Shopping Center. For appointment, interviews and information interested people may call 276-5551.

The college will offer a nine-month course covering 1,600 hours as required by California state law. Students will be concerned with theory and practice of hairstyling, haircutting, shampooing, permanent waving, hair coloring and bleaching, cosmetic chemistry, facials, scalp treatments, makeup, arching, manicuring salesmanship and salon management.

Applicants must be 18 years old in order to take the California state board examination, but may commence training at an earlier age. Students must have 10th grade education or its equivalent. Those not meeting this standard may qualify by taking test arranged for by the school.

"Transfer students from other schools will receive full credit evaluation on hours completed," said Jennings. "Special training will be provided to bring transfer students up to our standards."

Supervisors Approve Idea For Del Mar

The county Board of Supervisors Tuesday approved unanimously a proposal by Supervisor Frank Gibson that the county purchase the Del Mar Fairgrounds from the state.

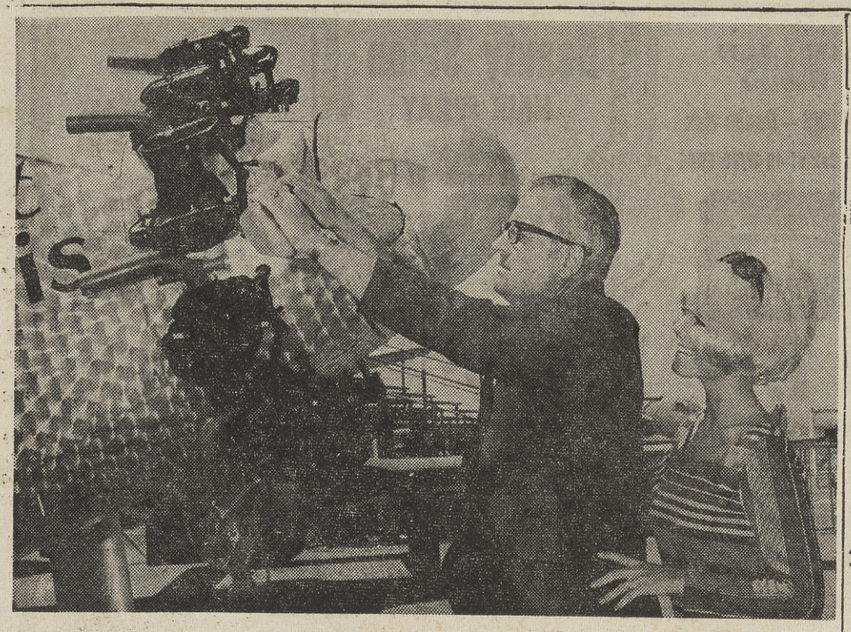
Gibson, in making the proposal, said that he had been approached by a number of citizens advocating the action, including assuming control of the racetrack and the racetrack lease. Gibson suggested that the track lease be awarded on a bid basis, with a Racing Commission of local citizens awarding the contract.

Gibson said such action would eliminate "continual discord among interested parties and in the long run return the matter to 'home rule'."

Gibson said funding could be through county retirement funds. He proposed that the supervisors meet immediately with state legislators to make plans for such an arrangement.

SNORE—Gilbert E. Kinyon, M.D., chairman of the anesthesiology department, San Diego County Hospital, (left) demonstrates to Dr. Robert D. Tschirgi, acting dean of the University of California, San Diego, School of Medicine and vice chancellor of Academic Planning UCSD, how the Resucci Inhabation model is used to teach endotrachel inhabation (how to place a tube in the windpipe). Tschirgi will open the 11th Biennial Conference of Anesthesiology today through Friday at the Hotel del Coronado.

DUAL ROLE—The modern structure designed by Russell Forester and built by McKellar & Wyer, Inc., in La Jolla Shores consists of apartments upstairs and commercial floor space downstairs. The new building provides opportunity for housing of a shoe store, camera shop, book and card shop, jeweler, flower shop, appliance and TV store and doctor's office. The Shores shopping center serves a growing University and expanding La Jolla population.



"SPIRIT QUEEN"—Judy Bailey and Howard Fisher, president of San Diego's Aerospace Museum, "pull" the prop of the Spirit of St. Louis (exact replica) which will be flown into Lindbergh Field at 4:30 p.m. May 10 by movie-pilot Frank Tallman. The airplane, which will re-enact Lindbergh's flight to Paris later this month, will be on public display at the old Lindbergh Field terminal on Pacific Highway May 11 through 13 during the daylight hours. A community-wide fund raising drive headed by Deputy Mayor Jack Walsh is underway to buy the $50,000 airplane for San Diego.

LINDY'S EAGLE

New Spirit Will Soar Over 'Birth Place'

An exact replica of Charles Lindbergh's famous "Spirit of St. Louis" will soar into San Diego Wednesday to recreate that day 40 years ago when Lindbergh himself took off from North Island en route to New York and Paris.

The replica will also be brought here to spur a $50,000 campaign to make San Diego the permanent home of the recently-completed plane after its appearance in the Paris Air Show May 25-June 4. Builder Frank Tallman has given San Diegans until June 15 to raise the funds. He also has offers from Las Vegas, St. Louis and the state of Minnesota, but has given San Diego first preference.

Bay Hop

The flight into San Diego will leave North Island for Lindbergh Field, where the plane will remain for an additional two days before it is put into a large Air Force transport for its trip to Paris.

Deputy Mayor Jack Walsh, who is co-chairing a campaign to bring the "Spirit" here, said that the replica might be housed at the San Diego Aerospace Museum or at Lindbergh Field. He said housing of the plane would further emphasize San Diego as the air capital of the world.

Walsh also said that possibly an "honorary" Lindy could be chosen every year to fly the "Spirit" over San Diego on May 10 to commemorate Lindbergh's departure from here.

Overall chairman for the "Keep the Spirit in San Diego" project is Elliott Cushman, a former newspaper publisher.

Contribution to the "Keep the Spirit in San Diego" campaign may be mailed to the San Diego Aerospace Museum, Balboa Park, San Diego 92101.

Assault Landing Is Make Believe

Hospitalman Apprentice John W. Hulli, USN, husband of the former Miss Jean Mansfield of 8218 Jordan St., helped direct an amphibious training assault on the island of Molokai, recently as a staffmember of Commander, Amphibious Squadron Three.

From the tactical command ship, the attack transport ship USS George Clymer, he shared in controlling the amphibious landing of 1,200 U.S. Marines of the First Battalion, 27th Marines on Molokai.

Boys Clubs Switch Heads This Week

New directors have been named to both the Clairemont and Linda Vista Boys Clubs, it was announced this week by Joe Jacobs, executive director of the Boys Club of San Diego, Inc.

The new director of the Clairemont club is John Polos, 37, who has been director of the Linda Vista Club for nine years.

The new director of the Linda Vista club is Darel Trotter, 27, who has been assistant director at Linda Vista two years and associated with that branch for 12 years.

Polos will replace Donald J. Bonatus in Clairemont. Bonatus has been called to serve as director of the new South Bay Boys Club in Imperial Beach.

Seaman Serves

Seaman Apprentice Ronald R. Cain, USN., son of Mr. and Mrs. Raymond Cain of 8010 Birmingham Dr., is at Camp Hoover in Da Nang, Vietnam, with Naval Mobile Construction Battalion (MCB)-4.

The battalion, serving its second tour of duty in Vietnam, has undertaken several major construction projects. These include the construction of aircraft parking areas at the Da Nang air base, recreation facilities, and troop cantonments for various combat units.

Self-confidence must be built up from the past to give one faith to face the future.

City Plight Discussed In Night Panel

"Cities Are For People" is the title of the final program to be presented in the San Diego Open Forum's current series, on "The Plight of the City."

Dr. Christopher W. J. Alexander, associate professor of architecture, University of California, Berkeley, will be the principal speaker today at 8 p.m. in the auditorium of the First Unitarian Church, 4190 Front St.

Dr. Alexander, native Viennese and British citizen, served as consultant to the Ministry of Public Buildings and Works in London in 1965 and 1966. During the two previous years, he was consultant to the Bay Area Rapid Transit System on the design of stations and consultant on urban housing for the City of San Francisco.

Three San Diegans, informed on the local problems of keeping the city a good place in which to live, will question Dr. Alexander following his address. They are Mrs. James Edmiston, chairman Citizens Coordinate for a Handsome Community; Sherwood R. Gordon, president Radio Station KSDO, and Edwin Self, editor San Diego Magazine. Dr. Richard E. Farson, executive director Western Behaviorial Sciences Institute and a member of the Open Forum board of directors, will serve as moderator.

The Open Forum was founded in 1919 as a non-profit organization to offer San Diegans an assembly for the free discussion of ideas. "Now concluding its 47th annual season, it stil serves this purpose," according to Chas. A. Muehling, president.

The Open Forum season traditionally is scheduled from October through May. The 1967-68 series of programs will be announced in the Fall.

SENTINEL BLACK OUT BINGO CONTEST RULES

Contestants must be 18 years or older, on or before the start of each monthly contest. Full time Sentinel and Peninsula News employees are not eligible.

HOW TO ENTER: All paid subscribers to the Sentinel and Peninsula News will receive a Free Bingo Card from their carrier boy prior to each monthly contest. Persons other than paid subscribers can enter by obtaining a Bingo Card at the Sentinel Circulation Office, 2724 Garnet Ave., Pacific Beach, Monday through Saturday, 3:30 to 6:00 p.m. before the start of each monthly contest. Only one Bingo card will be issued to a dwelling each month for the length of the contest.

HOW IT WORKS: 25 numbers will be drawn from a "Bingo Basket" each week. These numbers will be published exculsively in the Classified Section each issue . . . 10 to appear in Thursday's paper, and 15 on Sunday. All numbers will be returned to the "Bingo Basket" after each weekly drawing.

HOW TO WIN: Match the numbers that are published each issue with those that appear on your Bingo Card. All numbers drawn are "alive" for the entire month's contest. When all numbers on your card are "blacked out" (be sure all numbers are still readable), you must present your card at the Sentinel Circulation Office no later than 6 p.m. Friday, following Thursday's paper, or 6 p.m. Monday, following Sunday's paper to be eligible to win.

CASH PRIZES: A new $25 Jackpot will start after a Jackpot has been won. It will continue to increase $25 each Sunday until another winner has been determined. If there is more than one winner, the cash prize will be divided equally. All cards and numbers will remain valid until the end of that month's contest, when new cards will be issued and new numbers will be drawn. However, all remaining money in the Jackpot will carry over from month to month. Winners will be announced in the Sentinel and the Peninsula News.

Anyone requesting further information may call The Sentinel Circulation office at 274-3212.
